## FACIAL CREAM MASKS

- **Intensive care mask**
- **The formation of new collagen fibers is promoted**
- **Moisturizing and moisture retaining**
- **Inhibition of destructive, harmful enzymes**
- **Fortifies the skin's native resilience**
- **Visible improvement of the skin structure**
- **Improvement in the skin tissue's resilience, elasticity and suppleness**

### Application

Distribute FACIAL CREAM MASK over the area of skin to be treated following skin cleansing and after applying a serum, and allow it to work in for up to 20 minutes. Remove the mask residues with warm compresses. Then apply a care cream corresponding to the skin type.

**Tip:** Also ideal for treating the backs of the hands.

## Lift Contour Cream Mask

### CREAM PACK FOR SKIN REGENERATION

Firm and lifted facial contours lend a face a youthful radiance.

Unfortunately, destructive enzymes (so-called collagenases) weaken the skin's connective tissue over time. They destroy the collagen network and cause the skin's firmness to decline. This is revealed e.g. by the cheek area's sagging.

Lift Contour Cream Mask remodels skin which is in need of regeneration and firms it from its depths. The skin is helped at the point at which aging begins. This effect is controlled by elastin-stimulating peptides and has been scientifically proved\*.

Lift Contour Cream Mask reduces cheek sagging and leaves mature skin looking considerably younger.

### ACTIVE SUBSTANCES

- **ESP:** Elastin-stimulating peptides; these stimulate elastin synthesis in the fibroblasts, firm the connective tissue structure and lift the facial contours
- **Isostearyl-isostearate:** Shortened to ISIS; emollient based on replenishable raw plant materials; improves the cohesion of the lipids in the Stratum corneum and reduces the skin's trans-epidermal moisture loss
- **Bisabolol:** Aqueous extract of the chamomile, soothes the skin, alleviates redness and itching
- **Glycerin:** Trivalent alcohol, constituent of plant lipids, moisture-binding, reduces trans-epidermal moisture loss from horny skin
