BODY

- **Essential oil blend for relaxed moments of well-being**
- **Harmonises body and soul**
- **Ideal in combination with 3 Tea Body Pack**

Application in the cabin

Stir 10-15 drops of the complex into 300 to 500 g of mask base and continue with corresponding body treatment.

Also suitable for revitalizing the room scent with an aroma lamp or diffuser.

1 to 2 drops can also be added to compress water.

Please note: Do not use the product without dilution!

Do not use during pregnancy or during breastfeeding.

Avoid contact with the eyes and mucous membranes. Please do not use directly after depilation.

Essential Oil Complex

ESSENTIAL OIL MIXTURE FOR 3 TEA BODY PACK

Essential Oil Complex is a unique complex of natural essential oils that has a wonderfully relaxing effect. The fresh, cheerful notes of orange and grapefruit combine with the harmonising, balancing notes of marjoram and ylang ylang to create a gentle fragrance that provides relaxing feel-good moments.

Essential Oil Complex is added to the prepared mask base, stirred and then applied to the skin. We recommend combining Essential Oil Complex with 3 Tea Body Pack as part of the **RELAXING** treatment.

ACTIVE INGREDIENTS

- **Orange:** Essential oil from the peel of the orange (*Citrus sinensis*); the scent of sweet orange oil is a mood lifter and flatters the senses
- **Grapefruit:** The essential oil of grapefruit (*Citrus paradisi*) provides joie de vivre and lightness; it smells fresh and slightly fruity
- **Marjoram:** Essential oil from the blossoms of *Origanum majorana*; marjoram oil has a calming, harmonising and balancing effect on body and mind
- **Ylang-Ylang:** The name is used for both the whole plant (*Cananga odorata*) and its flowers, from which ylang ylang oil is extracted; ylang ylang has a relaxing effect on nervous tension and stress-related complaints
